

WS1999 - DSTO Workshop on Helicopter Health and Usage Monitoring Systems

**DSTO Conference Centre, 506 Lorimer Street, Fishermens
Bend, Melbourne, 16-17 February 1999, in conjunction with
the Australian International Airshow**

Proceedings from this workshop/conference were issued in two volumes, called [DSTO-GD-0197](#) and [DSTO-GD-0197-Part2](#).

Unfortunately, no direct pdf was made so both volumes are monochrome copies of the printed documents.
